Toronto, Ontario**

Grade Level(s): **Kindergarten and Grade 1**

Number of Students in Attendance: **210**

Description of program: ***Please include names of Musician(s) Date and Teacher and Student reaction to program presented***

Mr. Chris O'Neil led a highly interactive and well planned out program with our Kindergarten and Grade 1 students. All of the students were fully engaged and participated actively in the age-appropriate songs/drumming, and many of them even danced at the end of each session. The students were all sad to leave at the end of each session, and they all had an absolutely marvelous time learning about drumming from such a seasoned professional.

Mr. O'Neil engaged not only the students, but staff as well, as he made each session fun, engaging and full of energy. He was also kind, polite and patient with the students.

All of the students are still talking and writing about the program in their respective classrooms. While many of the staff involved had nothing but rave reviews to give and we would absolutely love to have Mr. O'Neil or any of your other musicians back at a later date. Thank you.
